The standards were set to take effect on April 24 for most public entities including the library, but the deadline has been extended one year.

The director spoke to an Advanced Legal Research class at Chapman University School of Law on April 21 about research tools used by practicing attorneys and self-represented persons.

## Agenda IV

### Amended Fee Schedule Law Firm Services

Law Library counsel Woodruff & Smart have not raised the rates charged to the library for their services since 2012. Now, due to increased costs, the firm proposes a new rate schedule effective July 1:

Service	Current Rate	New Rate
Attorneys	\$205.00/hr	\$275.00/hr
Paralegals	\$110.00/hr	\$150.00/hr
Photocopying	\$0.15/page	\$0.25/page
Mileage	Current IRS reimbursement	Current IRS reimbursement
Clerical staff overtime	\$50.00/hr	\$70.00/hr

The new schedule also includes a provision for an annual adjustment on July 1 of the hourly rates for attorneys and paralegals equal to the percentage increase in the Consumer Price Index for the Los Angeles-Long Beach-Anaheim Metropolitan Area, all wage earners, for the period June 1-May 30 of the prior 12-month period, capped at 5%, and rounded to the nearest dollar.

A copy of the proposal and the existing rate schedule (as amended in 2023 only to reflect the firm's name change) is attached.

Staff believe the rates are reasonable and competitive with other law firms in the area.

**Action required:** motion to approve rate schedule.

**Staff recommendation:** approve.

Re: **Rate Schedule Update**

Dear Brendan,

It has been approximately 13 ½ years since the rates charged by our Firm for the professional legal services rendered to the Orange County Public Law Library have been adjusted. We are extremely sensitive to keeping our rates stable and reasonable for the Law Library. However, we also endeavor to keep the Rate Schedule current and to reflect those costs of doing business that we necessarily incur in order to best serve the Law Library Board of Trustees and Staff. Like virtually all businesses, over the past several years, we have absorbed increases in salaries and benefits to all of our employees, including medical health insurance premiums and all of the various increments of conducting our business. Accordingly, we now need to make a moderate increase in our Rate Schedule.

The current Attorney-Client Fee Agreement between the Law Library and Woodruff & Smart (enclosed) provides for periodic adjustments to the Rate Schedule attached to the Agreement without amending the Agreement, subject to the Law Library's approval. Notwithstanding this, the Firm has not requested a rate adjustment since the Agreement was approved in 2012. Since then, prices in our area have increased more than 45% (as measured by the cumulative increase in the Consumer Price Index between October 2012 and March 2026). The Firm is proposing to adjust the rates for legal personnel by \$60 per hour for attorneys and \$40 per hour for paralegals, effective July 1, 2026, and to thereafter adjust the rates annually (beginning July 1, 2027) based on changes in the CPI, with a 5% cap. The initial adjustment is an approximate increase of 34% in the attorney rate, from \$205 per hour to \$275 per hour, which is significantly less than the increase in the CPI from October 2012 through March 2026. Even with these adjustments, our rates will still be similar to or less than the rates we charge to our other local agency clients.

A proposed updated Rate Schedule, effective July 1, 2026, is enclosed. We respectfully request that you present it to the Board of Trustees for consideration.

## **Review of Proposed FY 2026-27 Budget**

### **Background**

The library operates on a cash basis accounting method. Each fiscal year is treated separately. At fiscal year-end, any operating funds remaining are held for future use, either in our fund in the county treasury or in reserves. Our operating budget does not include capital income (interest on reserves) or capital expenses (equipment costing more than \$5,000 or major building expenses).

### **Reserves**

Our account in the state Local Agency Investment Fund (LAIF) was established in March 1995. The balance as of June 1 is \$6,082,871.25. At the moment, funds held in LAIF are not subject to transfer, loan, impoundment, or seizure by the state.

### **Current Fiscal Year**

Revenue has been higher than anticipated this year. In addition to better-than-expected filing fee revenue, the legislature provided \$90,527.41 in supplemental funding to offset expected losses from filing fee waivers. As of May 31, the library has an operating surplus of \$1,035,619.61 and a balance of approximately \$8,662,227.43 in the treasury. Revenues and expenditures as of May 31 are attached for reference.

### **Fiscal Year 2026-27**

A draft budget follows. Budget amounts for the current and last fiscal years are included for context. Filing fee revenue has been steadily increasing, while return on investment has been declining slightly. Spending on the physical collection has been higher than expected as publishers pass on increased costs of, e.g., printing and personnel.

**Budget FY 2026-27**

<b>Revenue</b>	<b>FY2026-27</b>	<b>FY2025-26</b>	<b>FY2024-25</b>

## Notes

### Revenue

Interest (6610): The library draws interest on its funds in the county treasury and LAIF. As rates of return have been dropping slightly this calendar year, these are conservative estimates.

Court Filing Fees (7430): Filing fee revenue has been increasing slightly. This estimate is based on trends observed over the last five years.

Library Services (7570): fines and book replacement charges. We anticipate roughly similar numbers as late returns, losses, and damages have been lower than in the past.

Fee-based Services (7590): document delivery and conference room rental. We began waiving document delivery fees at the start of the pandemic to encourage remote use of our services. We have continued that practice with low volume users of the service. Revenue from conference room rentals has declined over the last few years.

Miscellaneous Revenue (7670): used book sales, donations, vendor refunds, and photocopier commission.

### Expenditures

Salaries (0101): The current Memorandum of Understanding (MOU) with the Orange County Employees Association (OCEA) expires June 30. As negotiations with the bargaining unit have not yet begun, this number includes an estimated wage increase for 10 unit staff and two anticipated new hires. It also includes increases for the managers approved in March.

Annual Leave Payoff (0104): The Library's Personnel and Salary Resolution and its MOU with OCEA allow employees to request a payout of a specified amount of accrued annual leave each fiscal year, currently two increments of up to 50 hours each or one increment of up to 100. The estimate is higher this year to reflect increasing usage of the benefit.

Retirement (0200): We prepaid the entire FY 2026-27 employer contribution to the Orange County Employees Retirement System (OCERS) in January of this year to obtain a 7% prepayment discount. The current figure is based on estimates of both the contribution rates and the prepayment discount, as the OCERS board has not formally determined either.

Executive Deferred Compensation (0204): part of the director's compensation package.

Retiree Medical (0206) and Healthcare Reimbursement Accounts (0207): these reflect the decision to shift from the former retiree medical benefit to the new healthcare reimbursement plan. Line 0206 funds existing retirees and employees who elected to keep balances in the former plan. It is 0.9% of payroll. Line 0207 funds the current benefit at \$1,680 per employee per year.

Unemployment Insurance (0301): The library pays this at the start of the calendar year. This estimate is based on our current rate of 1.6% on the first \$7,000 of compensation per employee.

Management Employee Insurance (0304): All staff receive the county benefits package for medical, vision, and other insurances. This package is for non-represented staff and includes salary continuance, dental, life, and AD&D insurances.

Health Insurance (0306): This estimate is based on the medical coverage employees chose for the 2026 calendar year, along with the county's estimated rate increases for CY2027. If anyone changes during open enrollment in the fall, costs will adjust.

Unit Employee Insurance (0319): This package, administered by OCEA, is for represented staff and includes dental, life, and salary continuance insurances.

Workers Compensation (0352): The premium is based on our total payroll. The estimate is based on increases over the last five years since we switched providers.

Medicare (0401): includes Medicare for all employees and Social Security for an employee who waived OCERS membership.

Optional Benefit Plan (0403): This gives non-represented employees a lump sum which they may invest and/or receive as a taxable lump sum distribution.

Telephone—Other (0741): all internet and phone connections including backup lines.

Insurance (1100): includes package insurance, umbrella insurance, and directors and officers and employment practices liability insurance. This includes an estimated 11% increase for package insurance based on current property insurance trends in California.

Maintenance—Equipment (1300): includes computer hardware and software maintenance agreements and service contracts, along with estimated maintenance costs on compact shelving, the Lektriever microform storage systems, photocopiers, and other office equipment.

Maintenance—Building (1400): The county pays for custodial services and routine repairs. The library pays for repairs to the intrusion alarm and closed-circuit television systems; for pickup of hazardous, medical, and e-waste; and for any library-requested repair outside the normal maintenance schedule.

Minor Alterations & Improvements (1402): an allowance for unexpected building modification work, e.g., adding an electrical outlet or card access point.

Memberships (1600): The library belongs to the Council of California County Law Librarians (CCCLL) and Califa, a non-profit corporation for library support services through which we receive discounts on supplies and some conference registrations. It also is an associate member of the Santiago Library System, a local public library consortium. The library pays dues to the American Association of Law Libraries and the Southern California Association of Law Libraries for professional staff members.

Miscellaneous Expense (1700): includes interlibrary loan charges, technical training for network services staff, and general staff training.

Office Expense (1800): includes library supplies, general office supplies, signage, and personal protective equipment (PPE).

County Publishing Services (1801): printed matter such as business cards and brochures. We expect to use their services more this year, as the product is good and the prices competitive.

Periodicals (1802): includes loose-leaf services, pocket parts, and other forms of supplementation, along with journals, newsletters, etc. The number allows for expected cost increases of around 6%.

Postage (1803): includes planned rate increases by the Postal Service.

Minor Equipment (1809): covers purchases of less than \$5000, including an iPad for Public Services staff to use for real-time translation, replacement DVR hard drives for the security camera system, and replacement access points for the wireless network.

Professional Services (1900): includes estimates for attorneys' fees, our share of the Treasurer/Tax Collector's expenses related to managing the investment pool and treasury funds, armored car and Pony Mail costs, and an allowance for employee inoculation at the county Health Care Agency.

Databases (1901): Westlaw, Lexis, Bloomberg Law, FastCase, CEB OnLAW, HeinOnline, LLMC Digital, Nolo Press and National Consumer Law Center e-books, Wolters Kluwer's VitalLaw database, Trellis, and various online library utilities. Price increases average 4%.

Contracts (1909): intrusion alarm monitoring and security guard service.

CWCAP (1911): the county's charge for accounting services and data system development, based on estimates provided by the Auditor-Controller.

County IT Charges (1940): charges for remote access to the county's secured network and associated costs.

Rents & Leases—Equipment (2100): a postage meter and public copiers and related expenses. The cost of leasing copiers is offset by the library's full retention of all print and copy charges.

Books (2400): includes an estimated 6% average price increase from publishers.

Transportation & Travel—General (2600): covers validated parking, board meeting expenses, the December joint Board/Staff meeting, and monthly staff parking.

Private Auto Mileage (2601): Library policy allows employees authorized to use private vehicles in the performance of their duties to be reimbursed at the county rate for mileage driven.

Garage Expense (2602): reimbursement for covered parking expenses outside basic monthly parking.

Transportation and Travel—Meetings (2700): includes the negotiated educational reimbursement program, costs for the director to attend two CCCLL business meetings, costs to attend various local meetings, and a \$3,000 professional development allowance for each of the professional librarians.

Equipment (4000): the capital line, or purchases over \$5,000. These expenses are detailed under Agenda Item V Major Acquisitions.
